CLOSED DOOR BRIEFING

CPYRGHT

JEFFREY POND: "CIA Director Richard Helms today gave a closed door briefing to the Senate House Atomic Energy Committee. Democratic Senator Henry Jackson of Washington came out saying there's no room for complacency about Communist Chinese nuclear weapons development.

"Jackson said China is making good progress, predicted she'll soon have a medium range nuclear missile that can hit her neighbor and said China could deploy long range missiles by the early 1970's."
